

Reseller Manual

What is the IP which I need to point at?

You need to point your site to the IP, 216.22.60.57

What domain should I be pointed?

You can point your primary domain (<http://www.example.com>) or sub-domain, (<http://sms.example.com>) to our IP.

How to point my Site to your IP?

If you have cpanel access, then logon to your DNS section,

Type your primary domain or sub-domain and Point your “A” Records to our IP, if you do not know how to do this, then please contact your host for the same.

Is there any option for adding and removing sms from the reseller panel?

Yes, we have provided that option.

Go to User Management tab, and select the required User and click on Edit Image (pencil image) and you will find the option to edit your user details.

Can I shift the user from DND On Gateway to DND Off Gateway?

Yes, you will have to send in us your request for the same, but make sure your users will not misuse the same, as serious actions will be taken against spamming.

How do I edit my user details?

You can go to User Management tab and make necessary changes for required users.

You can find other details of our panel in USER MANUAL, please read it. If you have any doubts please don't hesitate to contact us.
