zapier & SMS GATEWAY CENTER
Communicating Both Ways

Connect SMSGatewayCenter to Hundreds of other Apps with Zapier

Zapier lets you connect APP to 2,000+ other web services. Automated connections called Zaps, set up in minutes with no coding, can automate your day-to-day tasks and build workflows between apps that otherwise wouldn't be possible.

Each Zap has one app as the **Trigger**, where your information comes from and which causes one or more **Actions** in other apps, where your data gets sent automatically.

Getting Started with Zapier

Sign up for a free Zapier account, from there you can jump right in.

How do I Connect SMSGatewayCenter to Zapier?

1. Log in to your Zapier account or create a new account.
2. Navigate to "My Apps" from the top menu bar.
3. Now click on "Connect a new account..." and search for "**SMSGatewayCenter SMS**"
4. Use your credentials to connect your **SMSGatewayCenter SMS** account to Zapier.
5. Once that's done you can start creating an automation! Use a pre-made Zap or create your own with the Zap Editor. Creating a Zap requires no coding knowledge and you'll be walked step-by-step through the setup.
6. Need inspiration? See everything that's possible with SMSGatewayCenter SMS and Zapier.
